RamboSux Cygnus X-2  
Vacuum Cleaner***

# ...it'll suck up the hitch, the car, and the boat too!

## New age hi-tech vacuum cleaner

The RamboSux doesn't need a motor or belts or bags or canisters for one simple reason. The RamboSux is hooked up directly to the Cygnus X-2 Black Hole in Outer Space.

You heard right neighbor – Outer Darn Space. That Black Hole makes your old vacuum cleaner look ridiculous. And friend, when your vacuum cleaner looks ridiculous, so do you!

## The most powerful in the world!

You've seen those salesmen demonstrate lesser vacuum cleaners. They probably swung their puny cleaner from your ceiling by its hose – held up by its own vacuum. Well babe, don't try that with RamboSux! It'll suck up your chandelier, ceiling, rafters, R4, and shingles into outer space before you can say "Bite my bottom".

## Never dust again!

With RamboSux you'll never waste time dusting, wiping or cleaning again. Dirt on the carpet? RamboSux will get rid of the dirt and the carpet too! It whooshes away unsightly dusty furniture in an instant. Flooded basement? RamboSux slurps up water and the foundation in no time!

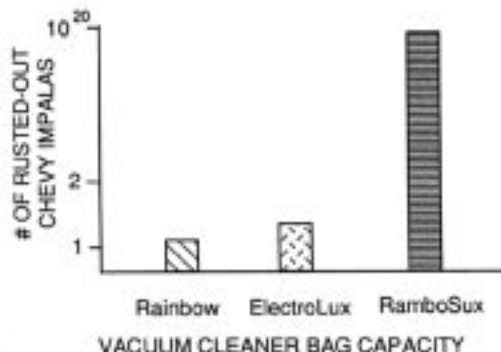

## Bothered by door-to-door salesmen?

Sometimes even the Git-Devil Butt Hook can't get rid of a pesky vacuum cleaner salesman. But RamboSux will make quick work of troublesome salesmen, intruders, flim-flam artists, bill collectors, and neighbors. And babe, it's a long way back to your front porch from a Black Hole in Outer Space!

## No bags or canisters to empty

Famous scientists have calculated that if every man, woman, and child on earth used RamboSux to vacuum up 45 rusty Impalas, 195 beer cans, and a floating barge of medical waste every day, it would take 1.37 billion billion billion years to fill up Outer Space. So start sucking, there's plenty of room!
